Introducing the SEED - Kakano

Plant the Seed - Develop the Idea - Nurture the Concept - Grow Success -
Harvest Prosperity - Come on in, your office is waiting.

A work space for all post Covid-19

What Is the SEED A shared co-working space for all to utilise
Where Is the SEED Fosters Arcade, 42 Victoria St, Dargaville
Opening Soon Post Covid-19 lockdown
Hours Monday - Friday 9.00am - 5.00pm
(after hours by arrangement)

Who Is SEED The Dargaville Community Development Board (DCDB) is proud to offer a shared co-working space where community organisations and small to medium businesses, both new and existing have a collaborative space available that will promote and support revitalisation post Covid-19.

Where community meets business and ideas can be bounced around between projects and people. Promoting a culture of like minded people who want to thrive and prosper to harvest success in spite of Covid-19 and the hardships we are all facing.

We are in this together - DCDB and the SEED Team encourage you to make us your first call in difficult times.

Avoid Office Set-up Costs - Great Rates

A shared workspace outfitted with everything a modern, efficient office needs, the SEED helps start-ups and those being challenged to sidestep the costs and headaches of finding or continuing a foothold in commercial real estate in these unprecedented times.

Our aim is to allow community organisations and small business operators to tap into ready-made office environments to focus on building their projects and business. Dargaville is a desirable place to live, work, do business, and visit.

Join us part-time, full-time - bring your laptop and Achieve!
